3. [REDACTED] Met with Mr. Dan Boone, House Science and Astronautics Committee staff, who told me that Chairman Downing, of the NASA Oversight Subcommittee, is considering hearings some time next month to take testimony from NASA and DOD on the space shuttle. Mr. Boone indicated that Chairman Downing may well request an Agency briefing for the Subcommittee which would include the Chairman of the full Committee and chairmen of the other Subcommittees on the Soviet and Chinese space programs. Mr. Boone indicated this was merely an alert and that he would keep me advised as the matter develops.
